

Coming Soon...

CMC-Waxhaw

To meet the medical needs of the growing Waxhaw community and surrounding areas, Carolinas Medical Center-Union has begun construction on a healthplex to be known as CMC-Waxhaw.

The healthplex will be located near Cureton Town Center on Providence Road and Gray Byrum Road. When completed, CMC-Waxhaw will feature:

- A 24-hour free-standing emergency department staffed by board-certified emergency medicine physicians
- A full array of advanced imaging services including X-ray, CT, MRI and ultrasound
- Laboratory services
- A helipad to transfer critically injured or ill patients by helicopter to Carolinas Medical Center, a Level I trauma center
- A three-story, 61,000-square-foot medical office building housing primary care physicians and specialists

The medical office building at CMC-Waxhaw is expected to open in the summer of 2009 and the free-standing ED is expected to open in the summer of 2010.

For more information, please call the CMC-Union Marketing Department at 704-225-2979.
